

NEW YORK IN REVOLT.

Bryan's Friends Will do Things to David Bennett Hill—Wholesale Defections from Parker in the Up-State Towns.

(BY DIRECT WIRE TO THE TIMES.)

WATERTOWN, Aug. 10.—[Exclusive Dispatch.] Henry L. Stimson, a lifelong Democrat, for five years an alderman of this city, a candidate for several city offices, and who held a lucrative position in the Government Printing Office at Washington in the first administration of Cleveland, will this year vote to continue the present administration. He said:

"You ask me why I am not going to support Parker for President. In the first place, I am opposed to that man who a few years ago, when asked if he would support Grover Cleveland for President, replied: 'I am a Democrat,' yet this man, while running for Governor of our State and while Cleveland was a candidate for President, went through the State delivering speeches, and did not in the whole campaign once mention Cleveland's name. I despise traitors."

"Roosevelt is a patriot and statesman. The country is greater and more prosperous than ever. Let well enough alone."

WHOLESALE DEFECTIONS.
UP-STATE BOLTING PARKER.
(BY DIRECT WIRE TO THE TIMES.)
ROCHESTER, Aug. 10.—[Exclusive Dispatch.] Whatever enthusiasm may exist in other parts of the State over Parker and Davis, there is not a great deal of jubilation manifested by the Democrats of Monroe county. Parker was nominated over a month ago and not a Parker Club has been organized.

IT FINISHES PARKER.

New York Sun Heads Another Bolt from Democracy—Acceptance of St. Louis "Hell Broth" in Candidate's Speech Settles Him.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Aug. 11.—[Exclusive Dispatch.] The Sun (Independent Democrat) comes out, specially for President Roosevelt this morning. It says:

"To state the Sun's position and its reasons therefor requires no metaphysical subtlety of explanation. The main consideration is as broad as the nation's interests. As the case is now made up, we prefer the impulsive candidate of the party of conservatism to the mildly-conservative, temporizing, opportunist, representative of the Hen vote in the background. We have more faith in the distinct promise of the Chicago platform, notwithstanding many serious defects of that document, than we have in the miserable half-broth of dishwater and dynamite concocted at St. Louis a month ago by a party afraid to renounce its criminal follies, and tasted yesterday at Exopus by the respectable candidate who declares with gusto that his flavor is admirable."

"We shall, therefore, advocate the election of Roosevelt and Fairbanks, and advise the defeat of Parker and Davis; preserving our own absolute independence of organic control, and our freedom of judgment to every specific question occurring."

In closing, the Sun says: "Instead of raising above the platform, Judge Parker has crawled pretty ignominiously beneath it, in our reluctantly-expressed opinion. He himself has decreed that the choice of the independents shall be one of parties and records and principles, rather than of men."

DEMOCRATS DISAPPOINTED.
PARKER'S GOOSE IS COOKED.
(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Aug. 10.—[Exclusive Dispatch.] Following the first public declaration of the Democratic nominee for President, in the camp of the Democracy is positive disappointment and in that of the Republicans undisguised meriment and jollity. Having resigned from his judicial position, it was anticipated by both political camps that Parker would find it convenient to lay aside the restraints of the jurist and discuss the political issues in clear, frank and comprehensive fashion. His most positive declaration against the present protective tariff system, in the opinion of most Republicans, is just what was wanted to assure a sweeping victory for the Republican ticket.

His pro-conservative attitude relative to the trusts also is regarded as likely to be one of the most vital points of attack from the Republican party. Even on the labor question, while he shows unmistakable evidence of having been directed in his attitude by recent editorials in the Parker organs in New York, he goes no further than President Roosevelt went in his declaration for the "open shop," but on the other hand, nothing more will be heard of any "solid" opposition of organized labor to the President, especially as the Democratic nominee for Vice-President, who yet has to deliver his speech of acceptance, is recognized as the author of "government by injunction," in the mines of West Virginia.

Parker's speech of acceptance is regarded here as a well-written, but heavy essay upon the Constitution and our Republican form of government, but it lacks much which his friends had hoped it would contain.

That he accepts the nomination only for one term is no new declaration in a candidate for office. George Washington himself was the originator of

not a ratification meeting planned. Two well-known Democrats have openly announced an intention to vote for President Roosevelt, while from Caledonia, Spencerport, Brookport and other near-by towns comes news of wholesale defections from Parker.

H. Perry Blodgett of this city, one of the best-known members of the Monroe county bar, will bolt Parker.

"What do I think of the St. Louis ticket?" said Blodgett. "I think so well of it that I shall vote for Roosevelt. It is that plain enough?"

"I have written to Mr. Bryan that his friends in Monroe county intend to do to Parker what Parker's managers, Hill, Belmont and Sheehan, did to him in 1896 and 1900.

"In my judgment Parker cannot be elected. He will lose Monroe county by at least 9000 votes. In 1896 and 1900, about twenty thousand gold Democrats in this county voted for McKinley, and swelled the Republican plurality to 9000. This year I predict that 2000 Bryan Democrats will vote for Roosevelt, and so even things up."

Jabez C. Pierce of Spencerport, the oldest, as well as one of the best-known Democrats in Monroe county, will support Roosevelt this year. To emphasize his words, he has placed Roosevelt picture in the window of his home.

"The traitors of 1896 and 1900," says Pierce, "who repudiated and defeated Bryan, have captured the Democratic party. Parker cannot carry single Northern State, and I believe that he will lose New York State by 300,000."

to come down to modern times, was his imitator. Yet both served two terms as President, and in the case of Cleveland, he had to make the race three times to get into the White House twice.

Parker's moss-grown declaration that the protective tariff harbors trusts has been and will continue to be ridiculed and dissected by Republicans.

To his declaration that the United States has become a "world power" rather through agencies of peace than those of war, every Republican in the land is pointed out, will echo. But, on the other hand, it is asked, how does that declaration gibe with the Democratic shriek about the "big stick"?

That excessive caution should characterize Parker's declaration relative to the trusts was, of course, anticipated ever since the Belmont Wall street syndicate took his candidacy for the Democratic nomination in charge. The tariff issue, however, is regarded here, stands out as the chief point of resistance which will break the back of Democracy in this campaign. Parker's frank expression that the best which can be hoped for by the supporters of tariff "revision" is that "even the Republican Senate, (which, by the way, is assured to remain Republican for the next six years,) may heed warning and give consent to some measure of relief to the people," is regarded as begging the question beyond necessary comment.

In the words of a prominent Republican, Parker's speech of acceptance "reads like the brief of a competent lawyer who had been retained by August Belmont and other Wall street influences in a bad case."

President Roosevelt's election is assured today, whichever way New York may go.

INDIANA ALL RIGHT.
LANDIS TOURED THE STATE.
(BY DIRECT WIRE TO THE TIMES.)

INDIANAPOLIS (Ind.) Aug. 10.—[Exclusive Dispatch.] Representative Charles B. Landis of the Ninth Congress District was in this city today, having just completed a visit to nearly all counties of the State. He says he has not found a single Republican who voted for Roosevelt before who will not vote for him this time. On the other hand, he says, he hears of Democrats who never better than they Bryan Democrats will not support the man who will not vote for Parker and will vote for Roosevelt. He says there is less partisan feeling in his district than he ever saw before.

Landis says the Democratic managers realize that many of the free-silver Democrats will not support the ticket, and that their only hope is in the return of the gold Democrats, many of whom have come permanently into the Republican party. He thinks the Republican prospects in Indiana were never better than they are now, and he looks for a majority as large as that of 1902, when the Democrats were beaten by 35,000.

"I am willing to go on record as predicting that after November, the election experience of Horace Greely as candidate for President will be eminently respectable as compared with

that of the volunteer fleet shall not carry arms or munitions of war; they shall fly the commercial flag throughout the voyage and shall traverse the straits separately at stated intervals. The first vessel is expected tomorrow."

(BY THE ASSOCIATED PRESS—A.M.)
LISBON (Portugal) Aug. 10.—The Russian auxiliary cruiser Ural, which was off Port of Lisbon yesterday, has proceeded. It is supposed that she is bound for the Mediterranean. Presumably, the Ural is the vessel which recently held up the British steamer Manora off the coast of Cape Finisterre.

THE VERY LATEST.
WAR NEWS AFTER MIDNIGHT.

ST. PETERSBURG, Aug. 11, 3:30 a.m.—[By Atlantic Cable.] Telegrams from the front are not only badly delayed, but are arriving with little reference to the sequence of their filing.

A dispatch from Liao Yang dated August 7 reports that there was continued fighting August 6 and 7 at Houtaiatzu, but gives no details. The dispatch adds that a battle was expected at Aisyaizhen.

JAPAN'S WAR EXPENSES.
(BY DIRECT WIRE TO THE TIMES.)
TOKIO, Aug. 10.—[Exclusive Dispatch.] The Finance Department states that the war expenses up to the end of July were 200,000,000 yen (\$100,000,000) 7 per cent. of which remains in the country.

SIGHTED THE VESSELS.
(BY THE ASSOCIATED PRESS—P.M.)
CHEFOO, Aug. 11, 1 p.m.—The steamer Tung Chow reports that last night she sighted six warships which she believed to be Russian in the vicinity of Chefoo. An unconfirmed report has been received of a naval battle near Round Island.

ACTIVITY AT BENZIKO.
(BY THE ASSOCIATED PRESS—P.M.)
LIAO YANG, Aug. 9.—[Delayed in Transmission.] The Japanese are very active at Benziko, twenty-seven miles east of the Taitse River. It is reported that the Japanese have 20,000 men and twenty guns idle at Haichong, awaiting the turning movement which they are now attempting around Liao Yang.

Gen. Labavine made a reconnaissance to the eastward in the valley of the Taitse River on the night of August 6 striking the Japanese at Izyanchan. The night was dark and foggy. Three companies of Cossacks rushed the Japanese outposts in order to develop the strength of their reserves. It was discovered that the Japanese had 30,000 men and eight guns.

The Cossacks had a severe fight and drove back the Japanese advance,

but got away before reinforcements had time to come up. The Russian troops are in excellent condition.

CONDEMNED THE THEA.
(BY THE ASSOCIATED PRESS—P.M.)
VLADIVOSTOK, Aug. 10.—[Delayed in Transmission.] The prize court today condemned the German steamer Thea, which was sunk by the Vladivostok squadron off the coast of Japan July 24, and declared that the Russian cruisers were justified in sinking the vessel. Evidence was produced that the Thea was chartered by a Japanese company, and that since March 25 she had been engaged exclusively in Japanese trade between Japanese ports. On this ground the court declared that she had lost all her rights as the vessel of a neutral power, especially as her cargo, which consisted of fish, was intended for the use of the Japanese.

ELIMINATES UNCLE SAM.
(BY THE ASSOCIATED PRESS—P.M.)
ST. PETERSBURG, Aug. 10.—The papers generally adopt a congratulatory tone in commenting on the decision of the prize court in the case of the British steamer Knight Commander. They say that the proof that the vessel undoubtedly carried contraband of war has eliminated the United States from the discussion for the time being and has deprived Great Britain of a strong and expected ally in her protests against the actions of the Russian warships on the high seas.

INNOCENT MATERIALS.
(BY THE ASSOCIATED PRESS—A.M.)
HAMBURG, Aug. 10.—It is denied here that certain cargoes placed on board the Hamburg-American and North German Lloyd steamers at Antwerp, which the London Times declared consisted of coal refused by British ships, were contraband, but included only innocent materials, such as thin sheet iron from which cooking utensils are made.

TO CUT OFF RETREAT.
(BY THE ASSOCIATED PRESS—A.M.)
ST. PETERSBURG, Aug. 10, 4:17 p.m.—The news received at the War Office today indicates the concentration of the Japanese armies east of Simucheng, which is interpreted as showing the intention to press direct on Liao Yang in an attempt to cut off Anshanhan (half-way between Haicheng and Liao Yang).

The Japanese advance on Mukden does not seem to have developed a serious character, and, according to the General Staff, the use of retreat is still open if Gen. Kourapatkin chooses to withdraw.

Rains again seem to be interfering with the movements of the Japanese. A continuance of the rains is considered to be greatly to Gen. Kourapatkin's advantage. The latter's official report, received this afternoon, confirms the dispatch of the Associated Press from Sinitin of August 8, reporting a fight near Talsan. The general also reports daily skirmishing on the southern front.

While no confirmation has reached the Admiralty at this hour of the repulse with heavy loss of the Japanese at Port Arthur August 8, the London Daily Telegraph's report from Chefoo was received with gratification.

CZAR GETS REPORTS.
(BY THE ASSOCIATED PRESS—A.M.)
ST. PETERSBURG, Aug. 10.—Emperor Nicholas has received dispatches from Gen. Kourapatkin, dated August 8 and 9, mentioning a few minor reconnaissance, but saying that there has been no particular change in the positions on either the east or south fronts. On the south, the Japanese advance posts are nine miles north of Haicheng. Daily fusillades occur between the Russian and Japanese outposts.

Gen. Kourapatkin points out the fact that the Japanese are using bullets of different caliber, some with nickel and others with copper cores, showing that their reserve men are now on the fighting line.

WAR BULLETINS
FROM MANY POINTS.

(BY THE ASSOCIATED PRESS—A.M.)

ST. PETERSBURG, Aug. 10.—[By Asiatic Cable.] There is a persistent rumor that the Emperor has signed the appointment of Minister of Justice Murviev as Minister of the Interior in succession to the late Von Ploveh.

RUSSIAN CRUISER URAL.
(BY THE ASSOCIATED PRESS—A.M.)
LISBON (Portugal) Aug. 10.—The Russian auxiliary cruiser Ural, which was off Port of Lisbon yesterday, has proceeded. It is supposed that she is bound for the Mediterranean. Presumably, the Ural is the vessel which recently held up the British steamer Manora off the coast of Cape Finisterre.

FORTE ASSURES.
(BY THE ASSOCIATED PRESS—A.M.)
CONSTANTINOPLE, Aug. 10.—The Porte has definitely accepted the assurances of Russia as to the character of the volunteer fleet vessels seeking to traverse the Dardanelles. In a note to the Russian embassy agreeing to let the Russian steamers the Porte emphasizes the fact that its un-

fral vessels carrying contraband in cases of emergency reserving the question for discussion after the war.

At the same time, Russia assures Great Britain that the extreme recourse to sinking neutral vessels, as announced, will not be resorted to unless circumstances render it impossible to take them to a prize court.

Great Britain's proposal that the British steamer Allanton, captured June 16 by the Vladivostok squadron, be liberated upon deposit of security has not been accepted, Russia replying that the documents in this case were already on their way to St. Petersburg and will have to be submitted to the Admiralty Court before further action is taken.

CASE OF THE ARABIA.
Russia has formally notified the United States of the decision of the prize court in the case of the Portland and Asiatic line steamer Arabia, captured by the cruiser Gromobol of the Vladivostok squadron, but the statement from Vladivostok of the question leaves some doubt as to whether all the goods consigned to Japanese ports were declared contraband, or only the flour and railroad material.

The correspondent of the Associated Press learned later that nothing was confiscated in the cargo of the Arabia which was not designated as contraband of war in the Russian declaration. The Russian reply in the case of the Knight Commander points out the prize regulations under which Russia is acting were promulgated nine years ago and that Great Britain did not enter a protest until after the present war began.

SONS OF VETERANS.
William G. Dustin and George D. Gels Unopposed in the Race for the Highest Honors in Order.

(BY DIRECT WIRE TO THE TIMES.)
BOSTON, Aug. 10.—[Exclusive Dispatch.] California's candidate for the office of Senior Vice-Commander-in-Chief of the Sons of Veterans at the national encampment of the order here next week is George S. Gels of San Francisco, captain, and aide-de-camp of the General Staff of the Sons of Veterans' Reserve, Past Commander of Lincoln Camp, New York, and a veteran of the Philippine war.

He is a delegate-at-large to the Boston encampment, and is endorsed by seventeen past division commanders and has practically the unanimous support of the New Englanders, as well as the Golden State men. So far no other candidate is mentioned for the place, while the same is true of the office of Commander-in-Chief, for which William G. Dustin of Dwight, Ill., editor of the Banner, the official organ of the order, is a candidate.

SEVERE IDAHO FIRE.
WARDNER (Idaho) Aug. 10.—Fire this afternoon destroyed a block in the business district of this city, including a loss of approximately \$20,000; insurance, \$6000. The blaze originated in the Somers Hotel and spread with great rapidity, consuming the right depot of the Oregon Railroad and Navigation Company, three saloons, two barber shops and several vacant frame buildings. Three box cars partly loaded with merchandise which stood near the freight depot were destroyed.

NO BLUSTER NOR PRETENSE.
William Alden Smith's Just Comment on Senator Bard's Dignified Course.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Aug. 10.—[Exclusive Dispatch.] William Alden Smith is one of the most brilliant members of the House of Representatives. He has his district in Michigan solidly behind him, and will some day be Senator from that State. He could be Governor of Michigan now if he so desired. This telegram was received from him today:

GRAND RAPIDS, Mich., Aug. 10, 1904.

Correspondent, Los Angeles Times, Washington, D. C. Senator Bard entered the Senate without bluster or pretense. His course there has been dignified, upright, honorable and painstaking, reflecting great credit upon his State and the country.

DIRECT WIRE TO THE TIMES.
ATASCADERO, Aug. 10.—[Exclusive Dispatch.] So marked are the tactical maneuvers of the military engineers at Camp Atascadero to improve the drainage of the camp, that the days are warm, the nights are cool and the air is dry and clear. There is plenty of shade, and the same time the trees are suffering from drought. This water is distributed from the movements of both air and mounted.

of excellent quality is supplied from a system of pipes from two springs at the head of the camp. The water is distributed from hydrants at headquarters and shower baths for officers are provided. Some apprehension has been expressed that the water supply might be cut off in this season, but the springs yield 14,000 and 16,000 gallons a day.

The water at a stream west of camp and at points about the camp is accumulated water for both use during the day. While the water supply is probably sufficient for the present emergency, it is admitted that facilities would be required for a larger force.

[illegible]

11, 1904.

health, coupled with an attack of seasickness, is supposed to have driven Dudley to the deck of the Western. Twenty-second street, Los Angeles, to suicide, on board the steamer Leelanaw, at an early hour this morning.

The boat reached San Francisco at 8 o'clock this morning, and a representative of the tragedy, was at once made to the Coroner.

Dudley boarded the Leelanaw at San Pedro Monday night, and was booked for thirty passengers, who he appeared on deck Tuesday and seemed in good spirits, although he looked ill. It is thought he was attacked with seasickness during the night. At 5:25 o'clock this morning, James Vicker, the ship's watchman, discovered Dudley's body hanging from a life raft near the afterhouse. A piece of loose rope, about six feet long, had been tied to the boat. The other end of the rope formed a noose, which Dudley had carefully slipped over his head. The man had at all appearances, been dead about an hour.

In his pocket were several letters addressed to Henry Dudley, No. 141 West Twenty-second street, Los Angeles; cards showing membership in the Odd Fellows and Modern Woodmen; a letter from E. M. Anderson of Los Angeles, who is thought to be a relative; \$45 in gold and a cheap watch.

[Henry S. Dudley of No. 141 West Twenty-second street, this city, was of the real estate firm of Kepple & Dudley, doing business at No. 1908 South Main street.]

RELIEVED OF LIABILITY.
CLALLAM'S OWNERS WIN.
(BY THE ASSOCIATED PRESS—A.M.)
PORTLAND (Or.) Aug. 10.—The United States District Judge C. B. Bellinger, after a trial of six days, has rendered a verdict in favor of the owners of the steamer Clallam, which sank during a storm in the Straits of Juan de Fuca January 9, 1904, with forty-two passengers and ten of her crew. The verdict absolves the owners of the Clallam of liability for damages on account of the accident by United States District Judge C. B. Bellinger.

The steamship company recently, under a provision of the Federal statutes, filed a petition in the United States District Court, asking for a limitation of liability, which might result from damage claims by relatives and heirs of persons who were drowned in the catastrophe. The petition recites that the value of the steamship and freight immediately after the accident was \$1,200,000, and that the owners were ever presented and the claimants, after legal time to take action, were decreed in default.

The court decides that all claims growing out of the disaster to the steamer Clallam are forever discharged from the liability of the owners, and enjoined from presenting demands.

WANT IMPROVEMENTS SOON.
RANCHERS SEE ENGINEERS.
(BY THE ASSOCIATED PRESS—A.M.)
SAN FRANCISCO, Aug. 10.—While the Board of Engineers of the River Improvement Association was in meeting this morning they were visited by three men who hold extensive interests in the lumbering industry. One of them was C. W. Clarke of Sacramento, who owns no less than sixteen ranches on the Sacramento River. Another was John S. Pelley, who resides on Sherman Island, and another was Park, a rancher of Tulare. All these men have been active in the fight to have their districts by overflow last year and the immense expense entailed, and all made known their desire to have improvements made. The petitioners taken lest the damage be even greater this coming winter.

The board planned for the commission is as follows: Monday morning at 6 o'clock the party will leave Sacramento and travel up the river to Colusa. On the following day it will continue to Chico landing, then to Marysville, then to the government bridge at Marysville, and thence to Yuba and the Feather rivers. From here it will return to Sacramento and thence to Colusa, and finally to Rio Vista, and finally to Stockton.

ITALIAN FINANCIERS ENJOINED.
(BY THE ASSOCIATED PRESS—A.M.)
SACRAMENTO, Aug. 10.—Superior Judge Hughes today issued a permanent writ of mandate prohibiting the Secretary of State Charles F. Curry from granting a certificate of incorporation to the Italian Bank of California.

The writ was applied for by the Bank of California of San Francisco, which carries that name. The Italian Bank of California, "is an infringement upon its corporate title and that to issue a certificate to it under this name would be prejudicial to the business interests of the Bank of California."

CALL IT "BANK OF ITALY."
(BY THE ASSOCIATED PRESS—P.M.)
SACRAMENTO, Aug. 10.—Subsequent to Judge Hughes's decision granting the writ prohibiting the Secretary of State from issuing a certificate to the Italian Bank of California under that name, on the ground that it infringed on the rights of the Bank of California, and after another writ the bank filed another application for a certificate under the name of the Bank of Italy.

NOT THEIR OWN SON.
SENSATION AT REDDING.
(BY THE ASSOCIATED PRESS—A.M.)
REDDING, Aug. 10.—When Mr. M. B. Melone of Mantion took the witness chair to testify in regard to the application of herself and husband to have fourteen-year-old Burton Melone sent to the reformatory, where he had been arrested, a gun at Mrs. Melone and threatened to shoot her unless she should give him money, she made the astonishing statement that neither she nor her husband believed the boy to be their son.

Burton was 3 years old, the couple took the boy with them to Market street in San Francisco. In a few hours a strange woman appeared with a bodice in the clothes of their misadventure. They believed him to be the lost son until several hours afterwards when they came to the conclusion that the boy returned to them. The mother answered the physical description of the boy. They tried to rear him as the son would bear their own name, but he has proved so unruly that they seek to have him sent to a reformatory.

LAYS IT TO WOMEN.
EX-GOVERNOR'S SON A SUICIDE
[BY DIRECT WIRE TO THE TIMES.]
SEATTLE (Wash.) Aug. 10.—[Exclusive Dispatch.] C. McL. Stoneman, son of George Stoneman, Governor of California from 1881 to 1887, committed suicide this morning by shooting himself through the head with a revolver. He was employed by the Seattle Cereal Company as night engineer, and for two years served faithfully. His wife had been killed by the same engineer. Blood was streaming from both sides of the head and a smoking revolver was clenched in the right hand, which was thrust under some clothing. From letters left by Stoneman, addressed to the press, it appears as if he had lost reason. In one he says:

Any case of death or arrest of Stoneman, he desires to state that I have sacrificed myself to cover the looting of the Seattle Cereal Company's safe.

Officers of the company say the safe has never been tampered with.

Any case of death or arrest of Stoneman, he desires to state that I have sacrificed myself to cover the looting of the Seattle Cereal Company's safe.

So ends the life of one whose downfall was caused by fondness for women. It is the old, old story of a man who loved a woman too well to desire to state that there are two women in this town that call themselves his wives in a certain way. For the past business reasons, and otherwise, black mail. They are both married, one for three years and the other for two years. The man's memoranda which we show if there is anything worth fighting for in the estate of the undersigned. Let them go ahead and damned.

CONTRACT UNDER INVESTIGATION.

THE CANAL COMMISSION HEARS OF DISCRIMINATION.

Date of Termination of Agreement Between Pacific Mail Steamship Company and Panama Railway Company up for Consideration. American Fleet Near Smyrna.

[BY THE ASSOCIATED PRESS.—P.M.]
WASHINGTON, Aug. 10.—As the result of complaints of discrimination and inquiries as to the dates of termination of the contract between the Pacific Mail Steamship Company and the Panama Railway Company, the Isthmian Canal Commission has been inquiring into the status of the contract.

The commission, it is found, has no authority to terminate the contract in view of the fact that the Panama Railway is not yet under government control, and Secretary Murphy of the commission has so advised President W. J. Burns of the Portland, Or., Chamber of Commerce.

It is pointed out that the committee will regulate the policy of the route after the election of directors of the Panama Railway, scheduled to be held the first Monday of April next year, when, according to the plan announced here, the isthmian commissioners are to be constituted a majority of the board of directors of the road.

**RIGHT AFTER THE SULTAN.
FLEET DUE AT SMYRNA.**

[BY THE ASSOCIATED PRESS.—A.M.]
WASHINGTON, Aug. 10.—Officials of the State and Navy Departments conferred today regarding the orders to be given the American European squadron when it arrives at Smyrna. The naval officials, in answer to inquiries of the State Department, estimated that Admiral Jewell's fleet would arrive at Smyrna by tonight.

There are signs here that the signatory powers of the Treaty of Paris are beginning to take active interest in the policy of the Washington government toward Turkey. They have every reason to dread any disturbance of the balance power in Southern Europe at this time, and it is believed that they are willing to bring influence to bear upon the Sultan to induce him to accede rather than force the issue to a point where the use of actual force might be regarded as actually necessary by the American government.

MOVEMENT OF SQUADRON.

[BY DIRECT WIRE TO THE TIMES.]
ST. PAUL (Minn.), Aug. 10.—[Exclusive Dispatch.] Gov. Van Sant says he will return to the next Legislature the insurance fee bill compelling companies to pay the insurance commissioner for verification of their statements. It has been discovered that the yearly revenue from this bill amounts to more than \$50,000. The bill slipped through the Legislature without suspicion as to its effect.

AUTOMOBILE REPAIRS.
[BY DIRECT WIRE TO THE TIMES.]
FORT WAYNE (Ind.) Aug. 10.—[Exclusive Dispatch.] In his petition for bankruptcy, Andrew Kendall of Bluffton says most of the claims against him are for automobile repairs. The machine originally cost \$500, and more than \$2000 was spent in repairs.

HORNETS' ROUT GUARDSMEN.
[BY DIRECT WIRE TO THE TIMES.]
HUNTINGTON (W. Va.) Aug. 10.—[Exclusive Dispatch.] The entire Second Regiment of the National Guard on review here was routed today by hornets.

TELEPHONE SUPPLANTS TELEGRAPH.
[BY DIRECT WIRE TO THE TIMES.]
ST. PAUL (Minn.) Aug. 10.—[Exclusive Dispatch.] The Northern Pacific Railroad has decided to supplant telegraph with telephones on the main line, as the principal means of dispatching trains.

August 1, 1908; \$6.5 at the corresponding date, in 1902, and a ten-year average of \$3.5. The average condition originally cost \$500, and more than \$2000 was spent in repairs.

New Porto Rican Appointments.
WASHINGTON, Aug. 10.—The President today appointed R. H. Post New York secretary of Porto Rico, and Erastus S. Rockwell of the District of Columbia, auditor of Porto Rico, to take effect September 1. Mr. Post, who at present auditors of Porto Rico, will succeed Charles Hartzell of Denver, secretary. Mr. Hartzell having resigned to resume the practice of law.

OIL DEAL'S END.

All Claims and Property in Beaumont Fields Belonging to New York Company up at Auction.

[BY DIRECT WIRE TO THE TIMES.]
NEWARK, Aug. 10.—[Exclusive Dispatch.] Pursuant to the order signed by Chancellor Magie, Chauncey Parker, receiver for the Greater New York Home Oil Company, will sell at auction September 26, all oil-mining claims and oil-bearing property in the Beaumont region of Texas belonging to the insolvent company. The sale will bring to seven and one-half million dollar deals ever perpetrated on the public. There are more than fifty hundred stockholders in the corporation in New York alone, and practically every dollar invested by them is hopelessly lost.

The New York stockholders are employees of the city departments who were induced to invest savings on the assurance that it was a "good thing" and "indicated by promoters of the method," "higher up." The corporation had 600,000 shares of stock to sell at par value a share, and large blocks of "treasury" stock, as it was called, was given away by promoters to secure services of selling agents.

When the bubble burst, 200,000 shares of treasury stock had been sold department employes in small lots, and the only property having value was oil-bearing land is valueless, and the so-called oil mines mere holes in the ground, as free from oil as Sandy Hook. The only property having value was mining and oil rights in Monterey, consisting altogether of seventeen distinct claims, three of which are problematic value.

POLITICAL.

(Continued from First Page.)

when the boat pulled out for home. If the weather had been made by the most partisan Republican it could not have been worse. But weather conditions were not one. Even the ladies wore their picture hats and their prettiest dresses.

The only police officer or detective in the place during the morning was Chief Humphrey of the New York Central Detective force, to look after the railroad end of the affair.

THE SPEAKING.

BY THE ASSOCIATED PRESS.—A.M. (Continued from First Page.)

At 10:30 A.M. Parker's family were escorted to the summer house on the lawn by National Chairman Taggart and New York State Chairman Meyer. Taggart and Meyer, accompanied by Representative Clark, chairman of the Notification Committee, then escorted ex-Judge Parker from the house to the speaker's stand. Parker was greeted with cheers. As soon as the little party reached the stand Representative Clark began his address.

CLARK'S ADDRESS.

Judge Parker: The most momentous political performance known among men is the election of an American President. The supreme executive power of 300,000,000 free people changes hands in a single party and most perfect order. While the contest for votes is waged with earnestness and enthusiasm—sometimes with much bitterness—the result is the surest augury of the perpetuity of the Republic.

Presidents come and Presidents go, but the great republic—freighted with the hopes of the human race for liberty—endures.

All history proves that a government bottomed on popular suffrage is a government by party. Experience shows that he serves his party best who serves his country best. The names of the men who have served the Republic are the names of the men who have served the public. Stronger incentive to high and patriotic endeavor no man hath than the hope to stand through all the ages.

Out of the nation's debates and profound deliberations of the St. Louis Convention came forth the platform which goes forth conquering and to conquer. The flower of the Democracy assembled there to consult on the state of the country and to make measures for restoring the government to the principles enunciated by the fathers, from which it has drifted for so long a latter day.

Every phase of Democratic opinion was represented by the best and ablest champions in that great convocation of free and patriotic men.

The St. Louis Convention carried out no end of great programs. Its delegates were not mere automatons or marionettes waving and talking when the country called for action. Speech and action were absolutely free and the great debates which took place there will constitute part of the permanent political literature of the country.

No effort was made to gag or berate anyone. If a delegate had a point which he was anxious to express, he was given an adequate and respectful hearing before either the Platform Committee or the entire convention. Every man had his say. To none was opportunity denied. Out of it all grew such units as the platform, the program and the pure expression everywhere.

We enter upon this campaign with the strength of a mighty party, with the enthusiasm born of youth, with the courage that comes from a just cause, with the confidence of men animated by noble purposes and lofty patriotism.

The principles of Democracy are grounded in eternal truth. As formulated by the fathers of the Democracy, they are not changing, but they are as applicable in this hour as when they were proclaimed in their first inaugural address, which has become a classic. The necessity of putting them into practice is as pressing now as it was then. To none more make them the basis of our political action is as pleasant but arduous task assigned you by the Democracy of the land.

To serve the whole American people, without discrimination, faithfully and well; to distribute the blessings of the Federal government impartially among all our citizens; to lighten the burden of government by reducing taxation to the minimum and by rigid economy in the public service; to administer the powers conferred by the Constitution justly, wisely, fearlessly, vigorously and patriotically, without diminution and without reservation of any kind; freedom of thought, freedom of speech, and freedom of the press; to promote the sacred cause of justice, wherever by the wholesome exercise of our example; to vindicate and glorify the theory and practice of representative government; to secure its blessings to our posterity for all time—these are the aims and ends of the Democracy.

These aims and purposes have been carefully, clearly and comprehensively set forth in the declaration of principles which was unanimously reported to the St. Louis Convention in July last, by the Platform Committee, after more than sixteen hours' speech in its consideration, in which every great live issue is frankly, boldly and fully discussed, and which was unanimously and enthusiastically adopted by that convention composed of delegates from every constituency under the stars.

There was a splendid array of Presidential candidates before the St. Louis Convention, supported by loyal friends and ardent partisans. An unusually large number of men were named in nomination for the greatly coveted honor. You were chosen with the enthusiasm of the people. Having, on the only ballot, received the two-thirds majority indispensable by Democratic usage, your nomination was made unanimous with the heartfelt approval of your illustrious competitors. "Absolute acquiescence in the decisions of the majority" has ever been a cardinal tenet of Democracy, and the signs of the times indicate that you will be supported by the Democratic hosts with the same unanimity with which you were nominated.

The hope is not too extravagant for entertainment that in this campaign our candidates will have the support not only of every Democrat in the land but also of every voter, by whatever political name called, who believes that the Constitution of the United States is a living reality and that it applies equally to high and low, great and small, to public official and private citizen.

They will be supported, let us hope, by all men, without regard to political affiliations, who favor maintaining the lines of demarcation between the legislative, judicial and executive departments of the government, the separation of which has been generally regarded as the most salutary and salutary achievement of the masterful statesmen who framed the Constitution. It is believed and hoped that as President you will use every legitimate influence at your command to restore and preserve the beautiful equilibrium among the departments established by the Constitution.

The most characteristic of the bulk of the American people—reverence for the Constitution and obedience to law.

Your long and conspicuous career as a jurist in one of the highest courts in the world—the period which you have spent in studying and expounding our international constitutions and statutes—causes your countrymen to believe that into the exalted executive office to which they are about to call you, you will carry that profound respect for the Constitution and the law upon which depends the perpetuity of our system of government—the best evidence of the wit of man—a system whose beneficent results have made us the most powerful nation on the face of the earth. To preserve it in its integrity and its full vigor is the high mission of the Democratic party whose hands have been placed upon the helm of the Democracy.

Into your hands the Democracy has committed its standard with abiding faith in your courage, your integrity, your honor, your capacity and your patriotism, believing that under your leadership we will achieve a signal victory. Your administrative career has been such a fortunate, such a happy one in our annals as to mark the beginning of a long period of Democratic ascendancy and the end of a long period of Republican rule. In history as one of the greatest and beloved American Presidents.

The constitution, according to Democratic custom, appointed a committee of which it did me the honor to make me chairman, and which I deeply grateful to convey to you official information of your selection as the Democratic candidate for President of the United States.

Speaking for the committee, with pleasure I hand you this formal notification of your nomination together with much copy of the platform unanimously adopted by the convention. In its name and by its authority I have signed this letter, which I accept the nomination unanimously bestowed.

May the nomination and fruition in election. May the God of our fathers guide, protect and bless you both as candidate and as Chief Magistrate of the Republic.

Mr. Parker was enthusiastically cheered throughout his address, and at its close was accorded an ovation which was repeated when he returned to the speaker's stand. During the speaking rain began to fall and many umbrellas were opened. Mr. Parker, however, was not interfered with, Clark left out a portion of his speech as originally prepared.

Ex-Judge Parker, with bare head, stood on the platform throughout the speech, with utter disregard of the rain, and with his hands on his hips, to foot and spotted his linen. His composure was unbroken, and he smiled at the cheering and the rain. He concluded his address at 2:15 o'clock and then presented to the platform the formal notification signed by the man and other members of the committee.

Plugs were frantically waved at the close of Clark's speech, the spectators cheered, and it was a full minute before the speaker returned to the platform.

Before beginning his address of acceptance, Parker advised the crowd to get under cover, and the rain fell.

"We don't mind the weather," was the spontaneous reply.

Parker began his address at 2:15 o'clock.

At the conclusion of his speech Mr. Clark handed to ex-Judge Parker the following:

ESOPUS (N. Y.) Aug. 10, 1910.

To the Hon. Alton B. Parker, 1910.

As the regular appointee and duly accredited nominee of the Democratic party at the city of St. Louis, Mo., on August 10, 1910, we, the undersigned, have the honor, and it is our pleasure, to convey to you the nomination of the Democratic party for the exalted office of President of the United States, at the election to be held on November 8, 1910, a nomination so honorably and unanimously made that already the country has indicated its approval of it, and the very fact of its nomination is a guarantee of its final endorsement by the American people at the polls.

Requesting your acceptance of this nomination, we express our confidence in your high esteem and sincerest good wishes, yours respectfully,

CHAMP CLARK of Missouri, Chairman.

It was also signed by all other members of the Notification Committee.

PARKER'S RESPONSE.

SETTLES GOLD-MESSAGE DATE.

Mr. Chairman and Gentlemen of the Committee: I have resigned the office of Chief Justice of the State of Missouri, and I have accepted the nomination of this State in order that I may accept the responsibility that the great convention you represent has put upon me, without possible prejudice to the court to which I have been called, and to the eminent members of the judiciary of this State, of whom I may now say as a private citizen I am justly proud.

At the very threshold of this response and before dealing with other subjects, I must, in justice to myself and to relieve my sense of gratitude, express my profound appreciation of the confidence reposed in me by the convention. After nomination and the acceptance of the nomination, I feel it incumbent upon me to make known my attitude so that hereafter no man could justly say that I supported the Democratic party through ignorance or mistake, the convention reiterated its determination that I should be the standard-bearer of the Democratic party in this contest. This mark of trust and confidence I shall ever esteem as the highest honor that could be conferred upon me. Whatever may be the fate of the campaign, the future can in no degree lessen or impair.

My addressable platform upon which the party appeals to the country for its confidence and support clearly states the principles which I have well condensed in the first inaugural address of President Jefferson, and points out with force and direction the path which I believe to be the proper application in order to insure needed reforms in both the legislative and administrative departments of the government. While unhesitating in its promise to correct abuses and to right wrongs wherever they appear, it does not propose to interfere with the several administrative departments of the government, the conduct of whose official business is to be left to the discretion of the men who are to be punished those who have been guilty of a breach of their trust; to oppose the granting of special privileges by which the few may profit at the expense of the many; to practice economy in the expenditure of the money of the people; and to that end to maintain the lines of demarcation between the legislative, judicial and executive departments of the government, the separation of which has been generally regarded as the most salutary and salutary achievement of the masterful statesmen who framed the Constitution. It is believed and hoped that as President you will use every legitimate influence at your command to restore and preserve the beautiful equilibrium among the departments established by the Constitution.

certainty and instability that has on other occasions manifested itself. This can be achieved by providing that such a right of intervention shall be between the date of the enactment of the statute making a revision and the date of the expiration of the term of office of the President. The revision of the Constitution is a matter of such importance that it should be left to the people, and not to the hands of a few men.

Occasionally, by reason of unnecessary or impatient agitation for reform, the people of the country have been placed upon the departments of the government by the Constitution are disregarded by officials desiring to accomplish that which they deem good, whether the power exists in them or not, it becomes desirable to call attention to the fact that the people, in whom all power resides, have seen fit, through the medium of the Constitution, to place the power of the government in the hands of the people, and not in the hands of a few men.

Thomas Jefferson, in a letter to William C. Jarvis, touching the perpetuity of the Constitution, said: "The Constitution of the United States is a living thing, and it must be adapted to the needs of the people. It is not a dead letter, and it must be interpreted in the light of the times. It is not a machine, and it must be kept in motion. It is not a book, and it must be read in the light of the facts of life. It is not a law, and it must be applied in the light of the principles of justice. STILL TALK MEDIATION.

Determined Efforts to Settle Chicago Strike.

Packers Declare There is no Reason in the Move.

Garment Workers go Out in Large Numbers.

CHICAGO, Aug. 10.—Following the ultimatum given by the Amalgamated Beef Cutters' and Butcher Workmen of America to the packers yesterday, that a general strike would be called if the order became operative at the time set this morning, the plants affected are those of the so-called "beef trust."

A difference of opinion exists as to the number of men on strike, the union opinion being that the strike is complete, while the packers state that only about 50 per cent. of the men have left and these places will be quickly filled.

President Blumenthal of the United Dressed Beef Company, said that the company would slaughter about 20 per cent. of its daily supply today. The company claims to have about a month's supply of beef in the refrigerators. Until this supply is exhausted, business as usual will be maintained.

MORE STRIKE BREAKERS. (BY THE ASSOCIATED PRESS.—A.M.) KANSAS CITY, Aug. 10.—The Kansas City packing houses are again importing strike-breakers. Several parties arrived today, numbering about 100. Those brought in were unloaded at Union Station, whence they were, under an escort of police, taken to the stock yards.

STRIKE "LEADER" ARRESTED. (BY THE ASSOCIATED PRESS.—P.M.) SIOUX CITY, (Iowa), Aug. 10.—Charles MacQuire, president of the butchers' union and leader of the packing-house strike in Sioux City, was arrested today on a charge of conspiracy to injure the business of the Cudahy Packing Company.

TAILORS WILL BE IDLE. BIG TIE-UP AT CHICAGO. (BY THE ASSOCIATED PRESS.—P.M.) CHICAGO, Aug. 10.—The Executive Board of the Garment Workers' Union has agreed to endorse the strike of the cutters and will call out all the union members, whether men or women, today.

THIS ACTION means that from 6000 to 7000 tailors will be made idle. When the cutters quit on a disagreement over hours of labor and wages it was not thought serious by employers for it was the dull season and few large orders were on hand. The calling out of all the garment workers has put a different phase on the affair, and it now seems likely that the cutters, having won their point with the Executive Board, will be able to tie up all the shops in the city and seriously embarrass the fall trade.

RELIEVED OF RESPONSIBILITY. NO DEPORTATION OF BONDSMEN. (BY THE ASSOCIATED PRESS.—A.M.) DENVER, Aug. 10.—Information was received today at the headquarters of the Western Federation of Miners that the bondsmen of the men charged with crime in connection with the Victor riot of June last, who have been released on bail, have been notified by a committee representing the Citizens' Alliance and Mine Owners' Association that unless they withdrew from the bonds of the accused men they would be deported.

ALL THE BONDSMEN except one accordingly have called at the office of the District Attorney and asked to be relieved of their responsibility. The released men were in the cases of men who are in Cripple Creek and could be immediately rearrested. Several of the accused, however, have left the district and their bonds will stand until they are again taken into custody and returned to Cripple Creek.

NEW TO BERLIN. (BY THE ASSOCIATED PRESS.—P.M.) BERLIN, Aug. 10.—[By Atlantic Cable.] The struggle on the Berlin Bourse over the shares of the Hibernia Coal Company is the sensation of the day here. It is a new experience for Germany to see great banks engaged in a fight to get control of an immense property, and the struggle is being conducted by threats of one party to oust the old directors and elect their own men. An interesting feature is that the Prussian government is the power behind the throne, its offer, July 28, to acquire the Hibernia company's assets having precipitated an intense warfare between two groups of banks.

THE DRESDNER Bank and its dependencies represent the government's interests. All the other banks of the city, under the leadership of the Bleichroeders and the Berliner Handels-Gesellschaft, united in resistance to the government's offer. This situation has assumed a dominating role in the stock market since the publication of the government's offer. The shares stood at about \$200 on June 15. They touched 285 today. Other coal shares have risen 30 to 40 points this month, the market arguing that the state certainly will attempt to secure further coal properties.

CARRIES SCARS AND CHECKS. CHICAGO, Aug. 10.—A dispatch from Richmond, Ind., to the Interior Ocean says that Carrie Nation, the temperance advocate, while passing through Indiana, had a check for \$1150 to the home for wives of drunkards at Topeka, Kansas, as a personal gift. Mrs. Nation maintains that the state certainly will attempt to secure further coal properties.

BULLET MAKES TEN ORPHANS. PUEBLO, Aug. 10.—J. W. Miller, a former smelter employe, today shot and killed his wife, Missella, attempted to murder his eldest daughter, who escaped, taking two younger children with her, and then put a bullet through his own brain, dying almost instantly. Miller was a well-known character in the saloon and gambling houses of the city, and his death was a surprise to his neighbors.

SOLACE FOR THE SOLACE. HONOLULU, Aug. 10.—The United States hospital ship Solace arrived here today from Manila. She reports having taken aboard a steamer ship, the Hironaka, from Iquiqui for Honolulu, in latitude 20.35, longitude 17.5, in distress. The ship was short of provisions and her chronometer was broken. The Solace gave the British steamship her reckoning and supplied her with a chronometer and provisions.

REMEMBERS TULANE IN WILL. NEW YORK, Aug. 10.—An appraisal of the estate of Alexander Hutchison of this city, was short of provisions December 7, 1902, shows that he left property worth \$1,020,000, exclusive of real estate, the value of which has not yet been ascertained. The appraisal shows that the late Mr. Hutchison provided for his wife, Mrs. Hutchison, and for his children, and for the maintenance of his family.

PASSING OF GREAT GAUL.

Waldeck-Rousseau Dies After Critical Operation.

PARIS, Aug. 10.—[By Atlantic Cable.] Former Premier Waldeck-Rousseau died at 2:45 o'clock this afternoon at his country residence at Corbeil, eighteen miles from Paris, from the effects of an operation which his medical attendants deemed to be a final necessity.

A similar operation which was performed in Paris some months ago proved partially successful, and the former Premier was well enough to be removed to Corbeil, where it was hoped that rest and the effect of the country air would restore his strength. The evil, however, was not eradicated and alarming reports regarding the condition of the distinguished patient have been circulated frequently.

Despite the efforts of his family to conceal the truth, M. Waldeck-Rousseau's condition during the last few days became much aggravated, the patient having frequent hallucinations and displaying extreme weakness. The family accordingly called in two famous liver specialists, Prof. Hans Kehr, a German, and Dr. Armor, a Canadian surgeon, who at a consultation decided that since the liver had ceased to perform its functions, an immediate operation was the only hope of saving the patient's life. M. Waldeck-Rousseau was informed of the necessity for this operation and received the news with calmness and courage.

The operation was performed at noon today by Prof. Kehr, who was assisted by Dr. Armor and three French surgeons. It at first appeared that the operation, which was admirably conducted, would prove successful and the patient was removed from the operating table to bed, but the pulse became more feeble and despite the administration of injections of serum, the patient gradually sank, and died without regaining consciousness.

Mme. Waldeck-Rousseau, Jacques Loeuille, the patient's brother-in-law, Rene Waldeck-Rousseau, his nephew, and three intimate friends were present at the time of his death.

A priest was summoned from Paris to administer the last rites to the minister, but he was too late.

When the death of the former Premier became known, messages of condolence began to arrive. The first came from Premier Combes, who telegraphed:

"I have received the news contained in your telegram with the keenest grief. Please explain to Mme. Waldeck-Rousseau the share I take in her mourning, which is the mourning of all France."

Premier Combes decided to postpone his departure from Paris and the Cabinet will meet tomorrow to consider the details of the funeral, which the government desires shall be of a national character.

HIS CAREER IN BRIEF. Pierre Marie Ernest Waldeck-Rousseau was born at Nantes, France, December 2, 1846, and was a son of Rene Waldeck-Rousseau, at that time a prominent member of the Assembly.

M. Waldeck-Rousseau studied law at St. Lazare, where he practiced for some time before settling at Rennes. There he made his first entrance into politics, being elected Deputy in 1879. He then became prominent in the ranks of the Republican Union, which was very conspicuous in opening the way for innovation and present republicanism and was considered one of the most prominent orators of the Assembly. His best known work was for the reform of the judiciary.

He was re-elected August 2, 1881, and November 14 of the same year, although only 35 years old, was admitted into Gambetta's cabinet as Minister of the Interior. The short-lived ministry of Gambetta did not offer a fitting chance to Waldeck-Rousseau to prove his ability at first time. The resignation of the government took place

PARAGUAY REVOLUTION.

When Steamer With Armed Men and Krupp Guns Arrives at Asuncion, There'll be Doings.

(BY THE ASSOCIATED PRESS.—A.M.) NEW YORK, Aug. 10.—A dispatch from Asuncion, Paraguay, says the government has discovered, according to the Herald's Buenos Ayres correspondent, a plot to proclaim a revolution on the arrival of the steamer *Sajonia*, which sailed from La Plata August 4.

The government has made many arrests in connection with the case, and has proclaimed martial law. The Argentine Minister at Asuncion and the Paraguayan Minister at Buenos Ayres have requested the Argentine government to detain the *Sajonia*, but it is believed the steamer is already beyond Argentine jurisdiction.

Investigation has disclosed that the *Sajonia* is carrying 400 men, among them being several alleged to be Paraguayan guerrillas. There are also six Krupp guns on board.

ELIAS GARCIA, alleged to be chief of the expedition, has held an important post under the present administration. Although a Paraguayan citizen, he is now police commissary of La Plata.

ARRESTS AT MONTEVIDEO. (BY THE ASSOCIATED PRESS.—A.M.) NEW YORK, Aug. 10.—Numerous arrests have been made in Montevideo, Uruguay, in connection with the explosion on Saturday last, but the actual author of the affair has not been discovered, says a Herald dispatch from Buenos Ayres, Argentina. The revolutionist committee in Buenos Ayres has published a manifesto declaring that the Nationalist party had nothing to do with the attempt against the life of the Uruguayan President.

PARAGUAY REVOLUTION.

When Steamer With Armed Men and Krupp Guns Arrives at Asuncion, There'll be Doings.

(BY THE ASSOCIATED PRESS.—A.M.) NEW YORK, Aug. 10.—A dispatch from Asuncion, Paraguay, says the government has discovered, according to the Herald's Buenos Ayres correspondent, a plot to proclaim a revolution on the arrival of the steamer *Sajonia*, which sailed from La Plata August 4.

The government has made many arrests in connection with the case, and has proclaimed martial law. The Argentine Minister at Asuncion and the Paraguayan Minister at Buenos Ayres have requested the Argentine government to detain the *Sajonia*, but it is believed the steamer is already beyond Argentine jurisdiction.

Investigation has disclosed that the *Sajonia* is carrying 400 men, among them being several alleged to be Paraguayan guerrillas. There are also six Krupp guns on board.

ELIAS GARCIA, alleged to be chief of the expedition, has held an important post under the present administration. Although a Paraguayan citizen, he is now police commissary of La Plata.

ARRESTS AT MONTEVIDEO. (BY THE ASSOCIATED PRESS.—A.M.) NEW YORK, Aug. 10.—Numerous arrests have been made in Montevideo, Uruguay, in connection with the explosion on Saturday last, but the actual author of the affair has not been discovered, says a Herald dispatch from Buenos Ayres, Argentina. The revolutionist committee in Buenos Ayres has published a manifesto declaring that the Nationalist party had nothing to do with the attempt against the life of the Uruguayan President.

OBITUARY.

Sir Frederick Bateman, M.D. LONDON, Aug. 10.—Sir Frederick Bateman, M. D. born in 1824, died at Norwich today. He was a member of many societies and author of numerous medical works.

SHOOTS AND KILLS HUSBAND. GOLDEN, (Colo.), Aug. 10.—Mrs. Ida Stebbins of Pueblo shot and killed her husband, A. L. Stebbins. They had been separated for two years and the husband sought an interview with the woman at a ranch near this city, where she was working. Upon being refused admittance to her room, he threatened to break down the door. The woman, however, fired through the door, the bullet lodging in Stebbins' brain. A young daughter of the couple handed her mother the gun with which she did the shooting. The woman was arrested.

PAN-AMERICAN MEDICS. NEW YORK, Aug. 10.—The second session of the Pan-American Medical Commission has been held and the commission will at once organize for the election of president, vice-president, secretary and treasurer, says a Herald dispatch from Panama. The executive committee in New York will then be advised of the proceedings and its further instructions will be awaited. It is generally believed that Gen. Gorgas will be unanimously elected president.

WYOMING FOREST FIRES RAGE. LANDER, (Wyo.), Aug. 10.—A forest fire is raging in the Wind River Mountains between this place and Thermopolis, and already is reported to have destroyed a large area of timber. The fire is working eastward and the inhabitants

THE CITY IN BRIEF.

NEWS AND BUSINESS.

Duty of State.

Judge Curtis D. Wilbur will lecture in the Pico Heights Congregational Church this evening on "The Duty of the State Toward Delinquent and Dependent Children."

Complimentary Serenade.

The Fidelia Concert Band, a superior musical organization which has been giving a series of concerts in the city parks, complimented The Times with a serenade last night.

Hurt by Falling Press.

Herman Zuber, 62, 229 West Twenty-fourth street, was injured yesterday afternoon while attempting to move a printing press on West First street. While loading a wagon with portions of the press, a heavy casting fell on Zuber and crushed him.

Archbishop Here.

Most Rev. Archbishop Bourgeois of Santa Fe, N. M., is spending several weeks in Los Angeles and vicinity recuperating his health. He has been the guest of Bishop Conaty the past week at the bishop's summer cottage, No. 4 Westminister avenue, Ocean Park.

Coyotes Arrested.

That "omnibus" warrant for the arrest of various members of the self-styled "Coyote" gang resulted in the arrest of Mike Cano, J. A. Cano, Pablo Mosquero, P. Garcia and Frank Alvarado. There are others, and the officers say they will easily apprehend them.

Fight Among Peons.

Guadalupe Royo, a peon, was taken to the Receiving Hospital yesterday suffering from a slight stab wound made by a blunt instrument, but not of a serious character. Two Mexicans, Manuel Navarro and Lino Roche, are under arrest for assaulting their fellow-workman.

Guardian for Mother.

Judge Wilbur yesterday appointed Mrs. Mary Beres, with the father of her mother, Mrs. Barber, and also gave her charge of the administration of the property of her mother. There has been considerable contention in the courts over the matter, as two brothers opposed the appointment of Mrs. Beres, but Judge Wilbur took the action indicated.

Cottages Burned.

A fire in the residence of W. H. Gerkins, No. 629 Washington street, yesterday afternoon, started what might have proved a conflagration. The origin of the fire is unknown; but when the department arrived, the cottages were almost enveloped in flames. The adjoining residence, owned by J. Cassidy, was slightly damaged and Gerkins' home was injured to the extent of about \$1000.

Dropped Dead.

Duke Quinn, a waiter, who lived at the Busy Bee, on East Third street, dropped dead as he was walking along West Second street, between Main and Spring streets, yesterday afternoon. He was 50 years of age and as there was nothing on his person by which he could be identified he lay among the "unknowns" until last night, when he was identified by one of his friends. Coroner Trout will hold an inquest at 1 o'clock this afternoon.

Newsboy Breaks an Arm.

Otto, the little newsboy, familiar to all frequenters of the neighborhood of First and Broadway, was taken to the Receiving Hospital yesterday afternoon with a broken arm. The fracture was reduced and the little fellow sent to his home in the hands of his older brother. The accident happened while he was exercising his trade, and Otto, whose other name is said to be pronounced and harder to spell, is a business-like and gentlemanly little fellow, who has many regular customers for his papers.

Business and Residence Lots.

A. L. Bath has sold to Fitz E. Beach, through the agencies of the McGavin-Broun Company and L. J. Bowen, 31-6-10-12 feet on the east side of Hill street, 86 feet south of Fifth street, with substantial frame dwelling whose value, however, is small compared with the ground; consideration named, \$23,128, or at rate of \$250 per front foot. E. M. Davies has purchased of Homer Laughlin, through the agency of Wright & Callender, 142x150 feet, on the southwest corner of Wilshire boulevard and Carondelet street; consideration named, \$115,000. It is reported that the buyer will build a handsome residence upon the premises.

Casa de Rosas Sold.

The negotiations for the purchase from the estate of Edward Clark Sales, deceased, lately of Providence, R. I., by Alice K. Parsons and Jeanne W. Dennen, of an irregular lot, 100x230 feet, on the southeast corner of Adams and Hoover streets, and a twenty-room three-story cement and plaster building, known as Casa de Rosas, have been finally closed. The purchase price is \$22,000. The purchasers are the proprietors of the Girls' Collegiate School, and have already made extensive improvements. On this side of the lot 100x230 feet on the south side of Adams street, adjoining this property on the east, which they had previously purchased of Mrs. Eleanor Brown; consideration named, \$8500.

Knights go to Oxnard.

Los Angeles Council, Knights of Columbus, has completed its arrangements for the excursion to Oxnard next Sunday to assist in the church dedication and the laying of the cornerstone of the new Knights of Columbus Block. A special train will leave the Arcade Depot at 7:30 a. m., and this will go by way of the Chatsworth cut-off, making the run in less than two hours. Arriving at Oxnard, the members of the council and visiting brethren will attend the dedication ceremonies of the new Santa Clara Church, and will assist at high mass. A luncheon will be served, and in the afternoon the corner stone of the \$25,000 block will be laid. Later in the afternoon the third degree will be conferred on a large class of candidates, and this will be followed by a special train to Los Angeles in time for the last electric cars.

SPANISH FESTIVAL.

Feast of Our Lady of Angels to be Celebrated Monday at Old Plaza Church.

Under the auspices of the recently-organized Society of La Reina de Los Angeles, a celebration of the Feast of Our Lady of Angels will occur next Monday at the historic old Plaza Church.

A solemn high mass will be celebrated with Rev. Juan Caballero as celebrant, Rev. W. J. Beaudry as deacon and Rev. R. Ferrer of Long Beach as subdeacon. The altars will be decorated by the ladies of the society, and the priests will appear in the sanctuary clothed in the ancient vestments which have so long been a part of the valuable collection in the mission museum of the Plaza Church.

Many of the garments are so old that their history has been lost. A solemn high mass will be celebrated by the ladies of the society, and the priests will appear in the sanctuary clothed in the ancient vestments which have so long been a part of the valuable collection in the mission museum of the Plaza Church.

Among the old manuscript at the church Father Caballero has found the score of a Gregorian "Missa Solemnis," written probably a hundred years ago by some Spanish padre. This has been copied in the style of modern music, and will be sung by Larroche and Etchemendy, and will be rendered by the choir at the solemn high mass next Monday.

Rev. Juan Caballero, who has devoted many years of research to the earlier California history and especially the history of the old missions, will preach a sermon on the Feast of Our Lady of Angels, under whose patronage the devout padres of the Franciscan Order founded the pueblo of Los Angeles.

At 3 o'clock in the afternoon the children of the parish will give songs and recitations and old hymns in the courtyard of the old rectory, which will be gaily decorated in the American and Spanish colors. This will be a feature of old-time sports, but this will be deferred until later in the fall, when an elaborate programme of ancient mission-day sports and games will be given at an all-day festival.

PERSONAL.

E. B. Gage, a mining man of Tompkins, Ark., is staying at the Van Nuys. A. F. Morian, wife and son of Rosburg, Or., are at the Katk on their way to Catalina Island. Mr. and Mrs. W. J. Lawless have left for an extensive eastern trip. They will spend some time in St. Louis, turning to Los Angeles late in September.

D. and Mrs. T. L. Beers of Beacon street left Monday for an eastern trip, via Canada and the great lakes. After visiting New York and Boston, they will touch the Middle West and stop at the St. Louis Exposition. A party of German notables is registered at the Angelus under the names of Baron Reitzelstein, Count Wartenberg and Counts George and Konrad Hartenberg. They are from Munich, Bavaria, and are touring the United States after a visit to the St. Louis Exposition.

Joseph Reich, maître d'hôte of the Van Nuys, has just returned from his annual tour of the principal hotels of the United States in search of the latest novelties in café service, which to delight the whims and the palate of the winter tourist to Los Angeles. Reich, who is a native of Austria, also supplies the demands of epicures at the Potter. Mr. Reich's career as an expert caterer or "fisher" began long ago in Paris, and continued for a score of years in New York before he began to practice his profession on this coast.

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

The new Aliso street bridge upon which work will begin next week will be the best roadway bridge in Southern California.

The committee of the whole of the Council is examining the budgets presented by the various departments.

In the Police Court yesterday the charge of kidnapping against Mateo Maldonado was withdrawn, and the little girl in question was sent to a Catholic home.

AT THE CITY HALL.

LISO BRIDGE BEATS 'EM ALL.

BEST STRUCTURE OF ITS KIND IN SOUTHERN CALIFORNIA.

Work Will Begin Next Week on New Enterprise—Will be Over Three Hundred Feet Long, Seventy-eight Feet Wide and Will be Built to Stay.

Work on the new Aliso street bridge will begin next week. When completed it will be the best roadway bridge in Southern California and one of the best in the State.

The structure, which will cross the Los Angeles River at Aliso street, will be 310 feet long and 78 feet wide. There is to be a twenty-foot roadway on each side. Between these roads will be a twenty-seven-foot strip which will be used for a double track roadway for the Pacific Electric Company, which has joined with the city in the enterprise. There will also be a five-and-one-half-foot sidewalk on each side for pedestrians.

The bridge is to be of the steel plate girder style and there will be four spans each seventy-seven feet long. These will rest on three concrete piers on pile foundations and two concrete abutments at the ends.

For each of these spans there will be two railway and two roadway girders, sixteen all told, each seventy-six feet, two inches long. The roadway will be eight and the roadway girders seven feet in height.

The bridge was designed with the one idea of stability and the City Engineer declares that there is practically nothing about it to wear out and that with proper care it should last for many years.

It will cost \$250,000 and will be built by Contractor Carl Leonhard. As the iron will be furnished by the Liewellyn Iron Works, all of the money paid for materials and labor will remain in the city.

COMMITTEE OF WHOLE.

DISCUSSING BUDGET.

The Committee of the Whole held the first of a series of meetings to discuss the appropriations asked for by the heads of the various departments, Tuesday night.

Statements from several officials relative to their need for money for the coming year were presented.

Assistant Superintendent Monahan and Trustee Jessup, represented the school department. City Assessor Warner and City Clerk Latta, of the requirements of their offices and Superintendent Laganan spoke in behalf of the appropriation asked for by the Park Commission.

Other departments will be heard from and then the committee will take up the matter of the appropriation for the auditor's office.

The budget asked for aggregates more than the amount of money that will be available, consequently some cutting will be unavoidable.

W. M. Bowen, president of the Council, presided over the meeting.

Building in Street.

Jack O. Smith filed a communication with the City Clerk yesterday stating that a building owned by Miss S. J. Lees at No. 1214-1216 Pico street encroaches more than six inches upon the sidewalk and that it is a detriment to the surrounding property, especially to the new block he is erecting adjacent to her building.

Smith asks that the woman be compelled to move the building from the sidewalk and make it conform to the building line established by the city.

Wants Money Back.

A demand on the treasury for \$36 for a license for a hotel and lodging-house was paid yesterday by H. Johnson of No. 127 West Seventh.

He says that on December 21, an officer of the city came to his place with a warrant for his arrest and threatened to haul him off to jail unless he paid the license. To save himself from arrest and imprisonment he paid the tax, under protest, to the City Tax and License Collector. The ordinance under which the license was collected has since been declared illegal and so he wants the city to give him back his money.

NEW POLICE SIGNAL.

The Foster police-signal system, which has been talked of as a probable successor to the Gamewell system now in use by the police department, will be given an official test to-night.

At the central police station a portion of the system has been installed connecting with twelve stations in a large residence section. Eight stations are located in the districts between Figueroa, Vermont, Adams and Thirtieth streets, while four others are in a district bounded by Union, Figueroa, Orange and Ninth streets.

Chief of Police Hammel with Inventor Foster and several invited guests will patrol the districts in which the new system is to be operated, and carefully note its working. The system will be tested for three months before it is finally accepted by the city.

Languages and Dialects.

J. Collier, writing on the subject, says that over 600 distinct languages are spoken by mankind.

The number of separate dialects is enormous. There are more than sixty vocabularies in Brazil and in Mexico the Nahu language has broken up into 700 dialects. There are hundreds in Borneo. In Australia there is no classifying the complexities and usually the number of dialects is in inverse proportion to the intellectual culture of the population. Assume in a sanitarium at that place that only fifty dialects on an average belong to every language, and we have the colossal total of 30,000 linguistic varieties.—Laborer Tribune.

Not long ago Mrs. Wells herself became ill and went back to Chatham, Ont., for rest and recuperation. But in a sanitarium at that place she died at the age of 57 years, and her will was probated and afterwards admitted to probate here.

George Sullivan, ex-Mayor of the city of Chatham, and J. M. Pike, a Canadian barrister, are now in Los Angeles in connection with winding up the affairs of the estate of Dr. Wells. Legacies to the son of the deceased, of about \$600 have been paid over by the executors, and there still remains on hand about \$7,000, which is to be distributed to the son of the deceased, Gus W. Wells. The order was made by Judge Wilbur yesterday.

AT THE COURTHOUSE. KINGS OF THE SHEEP RANGES.

SENORA MARIA DE LEONIS APPEARS IN COURT.

Basque Friend Wants His Commission—Still Remains Unsettled—The Two Submitted Are on the Files?

A little dried-up but pleasant-faced woman occupied a seat in Judge Trask's court yesterday, and the darkness of her skin and extreme modesty of her attire gave no indication of the important figure she has made in the legal history of this county.

It was the Senora Maria Espritu Chisella de Leonis, relict of the Basque sheepherder King, Miguel Leonis. His flocks and herds ranged over a hundred hills, and his lands were measured in miles rather than by acres. When he died he left an estate valued approximately at \$1,000,000. Ignorant of the ways of the world, he had not taken any particular measures to surround his estate with such precautionary methods as would protect his wife, and the circumstances told against him beside. The matters of his estate were rendered more complicated by Manuel Leonis dying first. When the brothers made their wills each left his property under certain stipulations to the surviving brother. When Miguel Leonis died there were the two estates to be administered upon, and an old, loyal-hearted but very ignorant Mexican woman being the heiress to the vast domain in the Rancho Las Virgenes and the Rancho El Escorpion.

The judge and the attorneys have joined in singing a gloria in excelsis for about twenty of them jumped in and got themselves inextricably tangled up in the administration. Suits of all kinds were brought in the courts, and for many long and weary years the litigation continued. Several years ago the main suit was closed, and the attorneys lined up in court and had their fees conceded. In addition to a sum of \$244, with 7 per cent interest from July, 1899. This indebtedness was secured by a deed executed by the Senora de Leonis in 1899, and which certain lands were conveyed to him as her attorney in fact. These parcels of land were the same that were granted by the Senora de Leonis to the State-Pio Pico to three Indians named Oron, Odon and Manu. And in 1899, and in 1900, of that transfer and what happened to the trio of Indian landholders is a story in itself.

Though the estate is not very large, it consists of property increasing rapidly in value. There is an apartment house on East Third street yielding a handsome income and valued at \$25,000.

SUBJECT TO MELANCHOLIA. REAL ESTATE MAN'S PLIGHT.

For about four years Frank Bradshaw has been traveling down hill. Yesterday he was before Judge Wilbur and a lunacy commission, and was ordered committed to the asylum at Patton.

About ten years ago the Bradshaw family moved to the real estate business of the city, and made some heavy turns. Some of these were successful and others were not. Frank Bradshaw then began to be afflicted with severe stomach trouble, and that landed him in the physician's hands.

After various treatments he appeared to be better and returned east with his sister to the old homestead close to Patton. Then symptoms of hypochondria became apparent, and when he returned to Los Angeles he was in a sanitarium or being treated on the outside by the doctors.

The old-time stomach trouble had disappeared, but not in the mind of the patient. He was thought to be off and in danger. Sometimes he would be a little better and then worse. He stated to the court yesterday that he really believed that he was going to die, and he spoke in such a mournful tone as to indicate great distress of mind.

YESTERDAY'S COURT NOTES. BREVITIES MISCELLANEOUS. NOT COMMITTED. Two of the patients at the County Hospital were examined yesterday on the insanity charge, but as they are in a daze and are in no sense of the word dangerous they were not committed to Patton and will remain at the hospital.

The first of these is Caesar Raebue, a Frenchman, who is suffering from dropsy and Bright's disease, and who thought he was going to die. The other is a hard-headed Scotchman named William Marshall. His lower limbs are paralyzed. He is inclined to talk irrationally about religion and stated to the court that he saw heaven before his eyes, and that he was in a state of ecstasy, and then he felt that he knew his way about the golden streets so well that he invited his friends at the hospital to take them to heaven in a special electric car. But he didn't.

FOUND A HOME. Mrs. Mary Burge, who applied at the Police Station in great distress asking for protection, and who had been somewhat distraught, was discharged by Judge Wilbur yesterday. The mother of Dr. Yoakum's child, she had been in the hospital for some time, and she was willing to take charge of Mrs. Burge, and as the latter consented to going there no further proceeding was taken with the case.

EVENTS IN SOCIETY.

AND MRS. ELMER WACHTEL have returned from their wedding tour, and will be remembered by the stunning young artist who visited Los Angeles last winter, and whose paintings, such as an impression of the artistic sense of the Los Angeles public. Instead of welcoming one artist, the home of Elmer Wachtel will be the home of Elmer Wachtel, who is planning to build a long studio for his charming wife to devote herself to her art, and it is feared that the home on Richey street will be the home of this one room, and Mr. Wachtel is also tempted to work here by the side of his bewitching wife.

McFarland-Buckley Wedding. A simple but pretty little wedding was that of Miss Lou Buckley and Dan L. McFarland, which took place at 8 o'clock at the home of Mr. and Mrs. John W. Buckley, at 44 East Fourth street. The ceremony was performed by the Rev. Dr. J. J. Wilkins, of the Episcopal church, at which the ceremony was performed by the Rev. Dr. J. J. Wilkins, of the Episcopal church, at which the ceremony was performed by the Rev. Dr. J. J. Wilkins, of the Episcopal church.

You've all heard about the Coulter store making 5- to 8-gore walking skirts free when findings and dress goods costing \$1 or more a yard are bought here. No use going into further details, except to say that the hours for taking measurements are 1:30 to 5:30 p. m.

Another Half Price Remnant Sale

Just what you want, at just the time you need it, for just half our own regular prices—that's what happens at a Coulter Remnant Sale. We make thorough clearances too often to allow an accumulation of out-of-date or in any way undesirable merchandise. Come expecting this season's goods—but in broken assortments and remnant lengths.

Everything included in this sale set apart to be sold today only at half price.

Handkerchiefs Broken assortments that aren't to be filled in.

At 74c—lot of women's 15c undyed handkerchiefs of pure linen, hemstitched and with small hand-embroidered initials.

At 10c—Handkerchiefs of pure Irish linen, unlaundered, with hand-embroidered initials. Regular 20c.

At 12c—sheer linen of delightful soft finish and laundered ready for use; 3, 4 or 5 inch hemstitching. Regularly 25c each.

Corset Covers Of fine cambric and nainsook in French styles. Half price because only the very small and very large sizes are left.

Shirt Waists Of white linens and lawn, but only one or two of a kind, and then some of them are slightly mused and rumpled from handling.

Children's wear Boys' suits of various popular styles; children's and misses' wash-dresses and sunbonnets for women and children, at just half regular prices.

Linens Remnant lengths of table damasks, odd dozens of napkins, broken lines of Turkish and linen towels at just half regular prices.

Men's Vests and Shirts The one-and-two-of-a-kind lots of fancy and white shirts, some of which are slightly soiled, at half regular prices.

Broken lines of men's stiff bosom shirts in various popular colorings, at half.

Wash Goods All one to six-yard lengths, at half price.

Dress Goods All one to seven yard lengths, of colored and black dress stuffs in both plain and fancy weaves—serges, tailor suitings, voiles, colliennes and every stylish weave—20 short lengths reserved—at just half regular price.

Trimmings Short lengths of black, white and cream band trimmings of silk and mercerized stuffs at half.

Short lengths of allover laces, chiffons, Point Venise and Oriental, in white and cream, at just half regular price.

Remnant lengths of appliques and medallions in white, cream and black.

Chiffon Ruffling, 2 to 8 inches wide, in white, black and cream.
